

Spring Boot Microservices

Beginner to Guru

Retrospective

Retrospective

- Security:
 - Should encrypt passwords in Spring Cloud Config Repo
 - Implement more advanced security with roles and OAuth
- Orders Not Found
 - Needs more research
- Logging
 - Debug should be turned off for a 'production' deployment

Retrospective

- Testing -
 - Better Test Coverage needed (Not focus of course)

Open Source SFG Beer Works

- SFG Beer Works Projects are Open Source under GPL 3.0
- Will be maintained for future releases of Spring
- Contributions welcome
 - Fork to your GitHub, code, create PR
