

Companies Paying 12LPA+ Base

This is the list of companies paying 12 Lpa+ as a Base Salary

We always run over the FAANG companies which is well known and established but the competition at the same time is so high, it reduces the chance of your selection

I've picked the companies in India which pays 12+ base for SDE-1(0-2yrs exp) in India through various sources.

If you're applying for SDE-2 then you can assume any company which pays 12+ base for SDE-1 usually pays 25+ base for SDE-2
